Start on the highest value the market will bear to usher in the largest income, and plan to discount the guide a variety of times all through the year.

Be certain that your gross sales copy is exactly the identical on each page, and includes your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum price is.

In the end, if you happen to've written a ebook that solves a problem or presents a brand new technique, your book will herald each traffic and profits.
